Subject Index

Subject Index to Volume 29 (1984)

1-104	JAN	329-424	APR	713-792	JUL	961-1120	OCT
105-216	FEB	425-568	MAY	793-872	AUG	1121-1184	NOV
217-328	MAR	569-712	JUN	873-960	SEP	1185-1272	DEC

Entries refer to articles or case reports unless otherwise identified.

Acid-base interpretation, Hand-held computer as teaching tool for **375**

Acid-base map/arterial blood-gas interpretation program for hand-held computers **833**

Admissions criteria relationship to attrition in respiratory therapy education **823**

Adult respiratory distress syndrome, Long-term evaluation following **132**

Adult respiratory distress syndrome: Treatment in next decade **249**

Aerosol therapy: Effects of racemic epinephrine in preterm infants **138**

AIDS = acquired immune deficency syndrome

—Case with pneumocystis carinii pneumonia **50**

—Epidemic of decade and medical mystery of century (editorial) **19**

—Implications for respiratory care practitioners **35**

—Update (report) **54**

Air entrainment in high frequency ventilation with multiple-lumen endotracheal tubes **76**

Air entrainment revisted (letter) **77**

Air pollution, Indoor and respiratory health **147**

Airway management in perioperative period **529**

Anesthesia effects on respiratory system **463**

Answer key to NBRC certification exam for entry level pulmonary function technologists **397**

ABG interpretation program for hand-held computer **833**

ABG measurements with AVL 940 microsample analyzer **1006**

Arterial oxygen tension, Effect of nasal cannual displacement on **21**

'Artificial nose' humidifier, effectiveness of Servo SH 150 **1009**

Atelectasis, Postoperative: Pathophysiology, clinical importance and principles of management **516**

Attrition in respiratory therapy education: Causes and relationship to admissions criteria **823**

AVL 940 microsample analyzer, Accuracy and precision of ABG measurements from **1006**

Backpacking, Weightlifting and, in COPD **1202**

Basics of RD: Medical history in pulmonary disease **68**

Benchmark series, Respiratory Care (foreword to perioperative special issue) **457**

Biox II ear oximeter, Clinical evaluation of the BTI **730**

Blood Gas Corner #10: Pulmonary embolus **1237**

Body positioning and immobilization, Respiratory effects of **472**

Book Review: "Clinical Practitioners' Guide to Respiratory Care" **1249**

Book Review: "Control of Respiration" **1155**

Book Review: "Pulmonary Hypertension" **1155**

Book Review: "Pulmonary Medicine Case Studies" **1248**

Book Review: "Respiratory Care Case Studies" **1248**

Bronchial circulatory system: Structure, function and importance **1226**

Bronchoscopy, oral fiberoptic, Oxygen delivery during **46**

Caffeine, Renascence of (Drug Capsule) **1088**

Cannula, nasal, Effect of displacement on arterial oxygen tension **21**

Carboxyhemoglobin and methemoglobin, Effects on pulmonary shunt value of measured versus calculated oxygen saturation and correcting for **1001**

Certification for pulmonary function technologist, Development of **273**

Check valve, Bear, problem? (letter and response) **1159**

Circuit-change frequency, Ventilator (letter) **308**

Circulatory system, Bronchial, structure, function and importance **1226**

Complications, pulmonary, of surgery, Respiratory therapy to prevent **667**
Complications, pulmonary: influences of postoperative pain control on **667**
Complications, postoperative, pulmonary, Clinical risk factors for **484**
Computer, Hand-held as teaching tool for acid-base interpretation **375**
Computers in critical care and pulmonary medicine, Fifth annual symposium (report) **384**
Computer programs for:
—quality control in blood gas laboratory **371**
—arterial blood gas interpretation **756**
—acid-base map/ABG interpretation **833**
—prediction of inspired O_2 concentration needed for desired PaO_2 **1135**
Control, respiratory: Development of in fetus **811**
Control, respiratory, Development of: Newborn infant **817**
CO2 retention, Causes in COPD patients breathing supplemental oxygen (letter) **167**
Contusion, unilateral pulmonary, Treatment with synchronous independent lung ventilation **361**
COPD, Weight training and backpacking in **1202**
Correction **683**
CPAP, PEEP and, in perioperative respiratory care **614**
CPAP, PEEP, and, Modification of infant resuscitator for **270**
CPAP system, difference in oxygen cost (of breathing) (letter) **308**
CPR manikin decontamination (report) **1250**
Critical Care Medicine Symposium, Society for (report) **1150**
Cuff inflation, minimal leak technique (letter) **168**
Decontamination of CPR manikins (report) **1250**
Devices, methods, and services
—AVL 940 ABG analyzer **1006**
—Battery pack for Hewlett-Packard ear oximeter **1140**
—BTI Biox II ear oximeter **730**
—Critikon Respiratory Monitoring System - effect of use on ventilator check time **144**
—Connecting PFT equipment to patients with permanent tracheostomies **753**
—Mechanical ventilation with helium-oxygen mixtures **155**
—Laerdal infant resuscitator modifications for PEEP and CPAP **270**
—O_2 delivery during fiberoptic bronchoscopy **46**
—O_2 delivery for manual resuscitators **919**
—O_2 delivery via face tents **994**
—Pneumotachographs **736**
—Servo SH 150 'artificial nose' humidifier **1009**
—Sonic Mist ultrasonic room humidifier **893**
—Spirometry outreach services **905**
—Vitometer **1144**
Diffusing capacity, effect of hemoglobin and alveolar volume on (PFT Corner) **1240**
Drug Capsule: Pulmonary oxygen toxicity: potentiators and protectors **760**
Drug Capsule: Renascence of caffeine **1088**
Drug Capsule: War on Pseudomonas **59**
Ear oximeter evaluation **730**
Education, Attrition in respiratory therapy education **823**
Endotracheal tube, Fatal obstruction by an intestinal roundworm **368**
Endotracheal tube, minimal leak technique for cuff inflation (letter) **168**
Entrainment, Air, in high frequency ventilation (letter) **76**
Entrainment, Air, revisited (letter) **77**
Epinephrine, Effects of racemic, in preterm infants **183**
Evaluation, Clinical, BTI Biox II ear oximeter **730**
Examination, NBRC certification, for pulmonary function technologists **286**
Expectation, Role, of the respiratory therapy practitioner **900**
Face tents, Problems with oxygen concentrations **994**
Fenestration, Individualized, of tracheostomy tubes (letter) **1246**
Fetal breathing movements **811**
Flow-volume curve, Three-dimensional view **380**
Flow-volume curves, Geometric technique for partitioning **1147**
Glass ampules, possible problem with (letter and reply) **854**
Hazard, Potential, "low dead space" resuscitation elbows and tracheal tube connectors (letter) **78**
Head injury, associated pulmonary complications **263**
Health, respiratory, Indoor air pollution and **147**
Helium-oxygen, Methods and guidelines for mechanical ventilation **155**
Hemodynamic monitoring in respiratory care **25**
Hemodynamic monitoring: Its relationship to stroke volume (letter and reply) **854**
Hemoglobin, effect on measurement of diffusing capacity (PFT Corner) **1240**
High frequency jet ventilation during mechanical hyperventilation for control of elevated intracranial pressure **1221**
High frequency jet ventilation in a 1-year-old child **913**
High frequency jet ventilation, Puzzle of (editorial) **1999**
High frequency ventilation: State of the art symposium (report) **839**
History, Medical, in pulmonary disease (Basics of RD) **68**
Home monitoring for SIDS (editorial) **809**
Humidifier, "artificial nose," Effectiveness of Servo SH 150 **1009**
Humidifier, room, In-hospital evaluation of Sonic Mist ultrasonic **893**
Hyperoxygenation, presuction, Further comments on use of manual resuscitators in (letter) **406**
Hyperoxygenation, presuction, in favor of manual resuscitators for (letter) **405**
Hyperoxygenation, presuction, Still more on manual

resuscitator versus mechanical ventilator (letter and reply) **1160**
Immobilization, body positioning and, Respiratory effects of **472**
Incentive spirometry and negative inspiratory force (letter) **404**
Infection control and ventilator circuits (letter) **944**
Lung resection, assessment for **506**
Manual resuscitators, for pre-suction hyperoxygenation (letter) **405**
Manual resuscitators, Further comments on hyperoxygenation **406**
Manual resuscitators, Instant oxygen delivery for **919**
Manuscript reviewers sought (editorial) **991**
MA2+2 rate problem (letter and response) **167**
Mechanical ventilation, Methods and guidelines with helium-oxygen for upper-airway obstruction **155**
Methemoglobin and carboxyhemoglobin, Effects on pulmonary shunt value of measured versus calculated oxygen saturation and correction for **1001**
Method for connecting pulmonary function testing equipment to patients with permanent tracheostomies **753**
Methods, see Devices, methods, and services
Minimal-leak technique, More on (letter) **168**
Model manuscripts, What–another? (editorial(**113**
Monitoring, computerized, Impact on ventilator check time **144**
Monitoring, Hemodynamic, in respiratory care **25**
Muscle training, Ventilatory **278**
Muscular dystrophy patients, postoperative ventilatory management **829**
NBRC certification examination for pulmonary function technologists **286**
Negative inspiratory force, incentive spirometry and (letter) **404**
New technology and financial imperative—Commentary on outreach for office spirometry (editorial) **890**
Obstruction, airway, Unusual cause of severe (TYRS) **1081**
Obstruction, Upper-airway, as late complication of postdiptheritic laryngotracheal stenosis **750**
Obstruction, upper-airway, Mechanical ventilation with helium-oxygen **155**
Open Forum abstracts **1021**
Open Forum author index **1074**
Open Forum, Next-way out west and wide open (editorial) **359**
Outreach, Watch out for (spirometry services) **905**
Outreach systems, More on pulmonary (letter) **1164**
Oximeter, ear, Clinical evaluation of BTI Biox II **730**
Oximeter, ear, Hewlett-Packard Model 47201A, Battery-pack adaptation for **1140**
Oximetry, Ear in clinical laboratory (PFT Corner) **161**
Oximetry, Ear, method of determining home oxygen prescriptions **1211**
Oxygen concentrations, problems with face tents **994**
Oxygen cost (of breathing) differences between CPAP systems (letter) **308**
Oxygen-delivering pacifier (letter) **1165**
Oxygen delivery during oral fiberoptic bronchoscopy **46**
Oxygen desaturation during closed-airway endotracheal suction, Effect of ventilator mode **1013**
Oxygen, Instant for manual resuscitators **919**
Oxygen saturation, effects on pulmonary shunt of using measured versus calculated **1001**
Oxygen, supplemental, Causes of CO2 retention in COPD (letter) **167**
Oxygen tension ratio, use of arterial/alveolar, to predict needed oxygen concentration **1135**
Oxygen therapy, ACCP, NHLBI (report) **922**
Oxygen toxicity, Pulmonary: Potentiators and protectors (Drug Capsule) **760**
Pacifier, Oxygen-delivering (letter) **1165**
Pain control, Postoperative: Influence on pulmonary complications **630**
PEEP and CPAP in perioperative respiratory care **614**
PEEP and CPAP, Modification of infant resuscitator for **270**
Perioperative period, Management of airway in **529**
Perioperative pharmacologic management **652**
Perioperative respiratory care special issue, Benchmark series (foreword) **457**
Perioperative respiratory care in 1983-84, Conference summary **680**
Perioperative respiratory care, Evolution of **459**
Perioperative respiratory failure, Role of respiratory muscles **635**
PFT Corner, Error in **407**
PFT Corner:
#7—Ear oximetry in clinical laboratory **161**
#8—Cough, chest tightness and syncopy in young man **400**
#9—Appropriate predicted equations: Race and ethnic issues **765**
#10—A case of worker's compensation **937**
#11—Unusual cause of severe airway obstruction **1081**
#12—Importance of correcting diffusing capacity for hemoglobin and alveolar volume **1241**
Pharmacologic management, Perioperative **652**
Pleural effusion, Postoperative: Clinical importance and principles of management **540**
Plombage, paraffin, and bronchopleural fistula (TYRS) **164**
Pneumograms, Role in prediction and prevention of SIDS (editorial) **809**
Pneumotachographs: Theory and clinical application **736**
Postoperative atelectasis: Pathophysiology, clinical importance, and principles of management **516**
Postoperative pain control: Influence on pulmonary complications **630**
Postoperative pleural effusion: Clinical importance and principles of management **540**
Postoperative pulmonary complications, Clinical risk factors of **484**

Postoperative ventilatory management **603**
Postoperative ventilatory management of muscular dystrophy patients following spinal fusion **829**
Prediction and prevention of SIDS: Is there a role for pneumograms or home monitoring? (editorial) **809**
Prediction equations, Race-specific--Misguided effort? (letter and response **1245**
(Preoperative) assessment for lung resection **506**
Preoperative assessment of respiratory function **496**
Problems in delivering oxygen concentration via face tents **994**
Programs for computers — See computer programs
PRP (Problem Reporting Program) Is there a problem with? (letter and response) **942**
Pseudomonas, War on (Drug Capsule) **59**
Pulmonary complications associated with head injury **263**
Pulmonary function technologist, NBRC exam, answer key **397**
Pulmonary function technologist, Certification examination development **273**
Pulmonary function technologists, NBRC certification examination **286**
Pulmonary function testing equipment, Method for connecting to patients with tracheostomies **753**
Pulmonary medicine and critical care, Computers in (report) **384**
Pulmonary oxygen toxicity: Potentiators and protectors (Drug Capsule) **760**
Quality control, computer program for blood gas laboratory **371**
Rate problem, MA2+2 (letter and response) **167**
Resection lung: preoperative assessment **506**
Respiratory care in 1983-84, Perioperative (conference summary) **680**
Respiratory care, perioperative, Evolution of **459**
Respiratory care, perioperative, PEEP and CPAP in **614**
Respiratory control development in fetus **811**
Respiratory control in newborn **811**
Respiratory distress, with chest and abdominal pain (TYRS) **303**
Respiratory failure, perioperative, Role of respiratory muscles in **635**
Respiratory function, Preoperative assessment of **496**
Respiratory system, Some effects of anesthesia and the anesthetized state on **463**
Respiratory therapy to prevent pulmonary complications of surgery **667**
Resuscitator, Laerdal infant, Modification for CPAP and PEEP **270**
Reviewer pool in "Wanted: A Word from the Wise" (editorial) **991**
Reviewers of manuscripts sought **991**
Role expectations of respiratory therapy practitioner as reported by role incumbent and other professionals **900**
Role of respiratory muscles in perioperative respiratory failure **635**
Roundworm, intestinal, cause of endotracheal tube obstruction **368**
Scholarships for ventilator-dependent students (letter) **946**
Services, see Devices, methods, and services
Servo SH 150, "artificial nose" humidifier, Effectiveness of **1009**
Shunt value, pulmonary, Effect of measured versus calculated oxygen saturation and correcting for carboxyhemoglobin and methemoglobin **1001**
SIDS, Prediction and prevention, role for pneumograms and monitoring? (editorial) **809**
SIMV rates, More on (letter) **858**
Smoking cessation, Short-term effects of **641**
Society for Critical Care Medicine (SCCM) educational and scientific symposium (report) **1150**
Spinal-cord-injured patient, Radiographic evaluation (TYRS) **63**
Spirometric curves and flow-volume, Geometric technique for partitioning **1147**
Spirometry, Commentary on outreach for office (editorial) **890**
Spirometry services, Outreach **905**
Stenosis, postdiptheritic laryngotracheal, Upper-airway obstruction as late complication **750**
Test your Radiologic Skill (TYRS):
—Acute dyspnea and crepitance in an infant **763**
—Acute respiratory distress with severe chest and abdominal pain **303**
—Breathing difficulty in radiology suite **395**
—Radiographic evaluation of spinal-cord-injured patient **63**
—What's in the lady's chest? paraffin plombage (TYRS) **164**
Three dimensional view of flow-volume curves **380**
Tracheostomies, Method for connecting pulmonary function testing equipment **753**
Tracheostomy tube fenestration (letter) **1246**
Training, Ventilatory muscle **278**
Treatment, ARDS in next decade **249**
Ventilation, Synchronous independent lung, in treatment of unilateral contusion **361**
Ventilator check time, Impact of computerization **144**
Ventilator circuit change and infection control (letter) **944**
Ventilator circuit-change frequency (letter) **308**
Ventilator-dependent students, Scholarships for (letter) **946**
Ventilator mode, effect of, on arterial oxygen desaturation **1013**
Ventilatory management of muscular dystrophy patients following spinal fusion **829**
Ventilatory management, Postoperative **603**
Ventilatory muscle training **278**
Vitometer, simple device for measuring vital capacity, Evaluation of **1144**
Weight training and backpacking in COPD **1202**
X-ray bee (letter) **169**
